The balance of the horses we were compelled to eat as they gave out."

"They were naked, and subsisted upon grass seeds, berries, and a little bit of cotton. I was nearly destitute of horses, and had to remain here fifteen days, to recruit my men; and in the mean time, succeeded in crossing Mount Joseph, with the loss of only two horses and one mule."

"The land on the river bank is fertile, and entirely destitute of game. We frequently encountered bands of Indian soldiers, who were friendly disposed.

"The land on the river bank is fertile, and inhabited by a great many Indians, mostly naked and destitute of fire arms, and entirely destitute of game."

"I found no further sign of Buffalo—there was, however, an abundance of black tailed hares."

"After leaving the Little Uta Lake, I found no further sign of Buffalo—there was, however, an abundance of black tailed hares."

"I found another tribe of Indians who called themselves Animuchiebes. They cultivate a valley, from five to fifteen miles in width; and on the west are detached rocky hills and mountains, S. E. and N. W. and struck across to the Sumpatch, near the South west."

"I named Adams River, after a tribe of Indians residing on its banks."

"The river Seed Keeder, I have since learned, empties into the Gulf of California about 80 miles from the Ammuchiebes and is there called Wimmel-che. I found here a few beaver and ducks."

"On changing my few remaining horses, and was enabled to purchase others, from a party of runaways."
